Quest

Created with a conscience, Quest is a continuation of our partnership with the SEAQUAL INITIATIVE to combat marine plastic pollution. Waste made wonderful, this lightly textured fabric is woven entirely from post-consumer recycled plastic - transforming it into a fabric as fluid as the waves by which it was inspired, and which it seeks to save. With a balanced hopsack weave enhanced by the discat-dyed SEAQUAL[®] YARN and a lightly textured surface, Quest brings a touch of ocean warmth to commercial interiors. For every metre of fabric sold containing SEAQUAL[®] YARN, we make a give-back donation directly to the SEAQUAL INITIATIVE.

Application	Heavy Duty Commercial Upholstery, Screen
Composition	100% post-consumer recycled polyester including 75% SEAQUAL [®] YARN
Width	137 cm
Abrasion Resistance	100,000 Martindale
